Dual Language Learner Supports for Early Learning Settings (ages three to five)

Authors
Carola Oliva-Olson, Linda M. Espinosa, Marlene Zepeda, Lillian Durán, Verónica Fernandez, and Anna Arambula-Gonzalez (2021)

Introduction
Early childhood educators understand that oral language development is a critical component of later reading success. How can they personalize oral language experiences for children, especially dual language learners? How can they expand and enrich what they teach and, at the same time, give children multiple opportunities throughout the day to practice? What strategies can they use consistently, as part of the daily routine, to broaden and enhance oral language development? What should these enhancements be and how can we integrate them into the intentionally planned learning experiences?

Purpose
The Dual Language Learner Supports for Early Learning Settings is a tool that early childhood educators can use to support their professional learning. Early childhood educators include lead teachers, assistant teachers, family childcare providers, and coaches working with early childhood educators. The tool is made up of two parts: Dual Language Learner Supports for Early Learning Settings (children ages 3 to 5) and Dual Language Learner Supports for Infant and Toddler Settings.

This tool enables all early childhood educators, including those who are monolingual speakers, to self-reflect on the unique teaching practices needed to fully support each child who is a dual language learner (DLL). As early childhood educators individualize their teaching, they incorporate the Personalized Oral Language Learning (POLL) strategies to effectively engage DLLs in all of the learning activities.

This engagement is not dependent on the educator’s language background but on the systematic implementation of all POLL strategies. POLL is a comprehensive approach to systematically and fully support each DLL child; therefore, all strategies provided in the tool must be taken into account. Only then do all DLL children receive the supports needed to fully engage and participate in the intentionally planned and spontaneous learning experiences.
How to Use This Tool

Early childhood educators should start their first self-reflection when they complete the training and begin the process of implementation. The tool’s focus on self-reflection is intended to guide the implementation of new or enhanced teaching practices and ensure optimal learning experiences for DLLs.

Early childhood educators should begin their self-reflection by completing the informational page and then addressing the strategies in the following order:

1. Family Supports
2. Emotional Wellness
3. Environmental Supports
4. Instructional Supports
5. Assessment of Language Development

Early childhood educators can use their self-rating upon completion of their reflection to guide conversations with their coaches, engage in communities of practice, and select professional development opportunities tailored to their desired areas of strength and enhancement.
## Dual Language Learner Supports for Preschool/ Transitional Kindergarten/Kindergarten

The Dual Language Learner Supports tool promotes full implementation of research-based strategies that ensure DLLs have full access to and effective participation in the daily learning experiences.

Coaches and preschool educators can use the tool to:

- Review instructional practices
- Identify children’s strengths
- Plan for next steps

Language of Instruction

IMPORTANT: The options for classroom language models are described below.

Balanced 50/50 Model: Instruction is provided in two languages, and the time spent in each language is equal.

English with Home Language Support: Instruction is in English with ongoing support for all home languages.

Other: Please describe any other model that provides instruction in English and the home language. For example, state the percentage of instruction in each language.

- Balanced (50/50)
- English with Home Language Support
- Other (specify):

Describe language use during the day (times, teachers, DLL children):

Assessments:
Personalized Oral Language Learning (POLL) Strategies

Family Supports

Am I Doing This?

1. I use the Family Language and Culture Dialogue Form when meeting with families to learn about children’s language experiences and cultural background.

Not Doing Yet (check all that apply)

☐ I don’t know what this is.
☐ I don’t know how to do this.
☐ I don’t think this is important for DLLs.
☐ I don’t have the resources to do this (e.g., time, money, materials).
☐ I am not supported or allowed to do this in my program.

Beginning to Do This (check all that apply)

☐ I do this sometimes.
☐ I think this is important for DLLs.
☐ I am doing this, but it is not going well.
☐ I want to better understand what this is.
☐ I want to better understand how to do this.
☐ I need resources to do this better (e.g., time and materials).
☐ I need support from others to do this better (e.g., teachers, administrators, coach).

Doing Consistently (check all that apply)

☐ I do this regularly.
☐ I am confident that I am doing this well.
☐ I think this is important for DLLs.
☐ I help other educators do this.
☐ I am doing this in collaboration with the entire staff.
☐ I have the resources that I need to do this well (e.g., time and materials).
☐ I am supported to do this by others in my program (e.g., teachers, administrators).
☐ I have a coach/specialist who supports me regularly to do this.
Am I Doing This?

2. I share with families the benefits of bilingualism, language preservation and revitalization, and the importance of the home language for everyday interactions.

Not Doing Yet (check all that apply)

SRI Education™

SRI Education, a division of SRI International, is tackling the most complex issues in education to identify trends, understand outcomes, and guide policy and practice. We work with federal and state agencies, school districts, foundations, nonprofit organizations, and businesses to provide research-based solutions to challenges posed by rapid social, technological and economic change. SRI International is a nonprofit research institute whose innovations have created new industries, extraordinary marketplace value, and lasting benefits to society.
